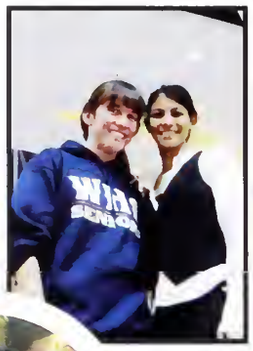
MR. SMITH'S MESSAGE

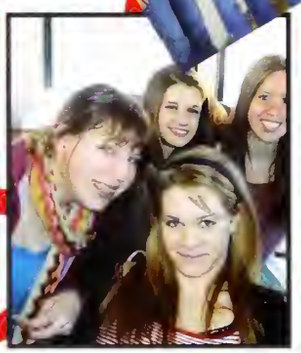
Dear Seniors of the Class of 2009,

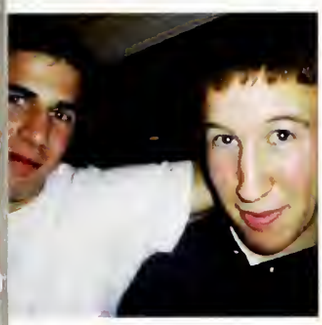
I want to congratulate you on your many accomplishments over these past four years. You are a terrific group of young men and women who have brought great joy and pride to me as your principal as well as the high school community at large. As you prepare to move onto a new and exciting chapter in your life, always remember those who have helped you along the way. Your parents, teachers, family members and friends have all played important roles in your story. Look back over these four years with pride and satisfaction, and know that your best years are ahead of you. Challenge yourself to always put forth your best effort in every endeavor, and always look to help others as you continue to grow. Best wishes for a happy and healthy life.

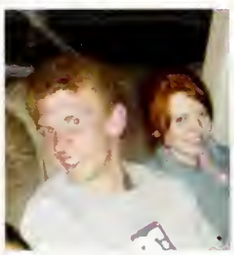
Sincerely,
John G. Smith
Principal

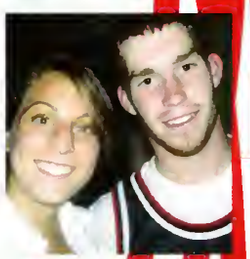
SENIORS

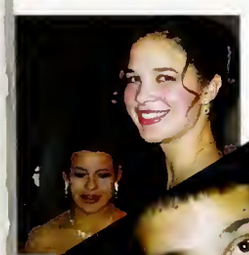


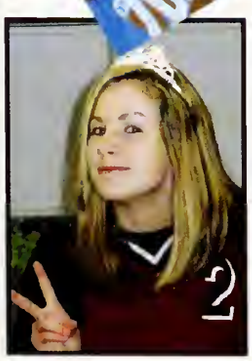


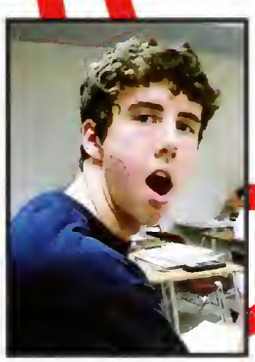












YOU KNOW YOU'RE A SENIOR WHEN...

1. You arrive right at the bell.
2. You expect people to part for you when you walk down the hallways.
3. You can not care and still get an A.
4. Your classes consist of gym, gym internship, fitness, and English.
5. You've memorized your Reaches, Targets, and Safeties.
6. You don't need to swing your keys to be cool.
7. After every big event, you keep saying, "It's the last time..."

We all think we're going to be great and we feel a little bit robbed when our expectations aren't met. But sometimes expectations sell us short. Sometimes the expected simply pales in comparison to the unexpected. You got to wonder why we cling to our expectations because the expected is not what keeps us steady. A Message From Your President...

President: Nicole Arsenis
Vice President: Abhi Gutpa

Secretary: Kimmy Arvidson
Treasurer: Matt Jedras

Dear Class of 2009:

As we approach the final days of our high school career, we must not forget how we got here. It took hard work and determination, as well as the support from our family, friends, and faculty. Graduation day was always a milestone that seemed so distant, but here we are, just days from what we have waited four years for. When your name is called on graduation to receive your diploma, remember that the diploma does not only stand for your academic achievement but also the many memories behind it.

Senior year is filled with the last time of many things. Whether it is your last sports season as a WHS Ranger, your last musical production, your last year on student council, or even the last day of high school, cherish every moment because these are the times you will remember for years to come.

As class president, I must say that there is no other class I would have wanted to be a part of. We have come such a long way and we have a lot to be proud of. I would like to thank our faculty and staff for providing us with what we need to be successful in our future years. Thank you Mrs. Costa and Mr. Kittredge for being our amazing advisors. You were there for us every step of the way, and we could not have done it without you. I would also like to thank my fellow class officers for being such great peers to work with.

Our time here at Westborough High School has come to a close, and it is now the beginning of a new journey. Congratulations Class of 2009!

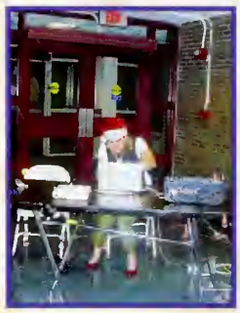
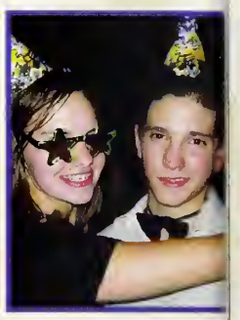
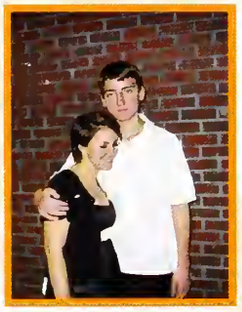
Just Dance





You can dance. You can jive. Having the time of your life. See that girl, watch that scene, dig it- the dancing queen.

And with every step together, we just keep on getting better. So can I have this dance?



Oh come and dance with me, my baby. Let's dance, do it, go crazy. The night is young and so are we.

You make me feel like dancing. I'm gonna dance the night away.

Don't be so quick to walk away. Dance with me.

And when you get the choice to sit it out or dance... I hope you dance.

Everybody let's go we can make this just like a circus.

I wanna dance with somebody. I wanna feel the heat with somebody.

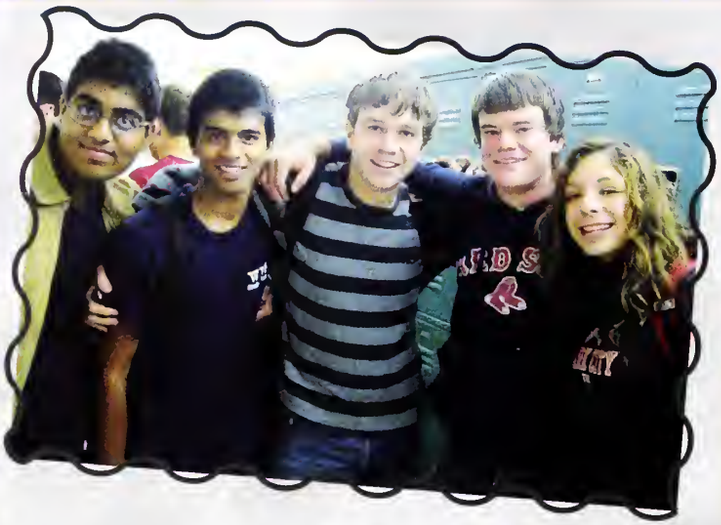
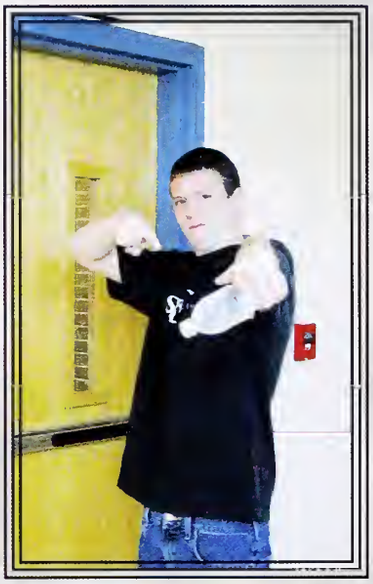
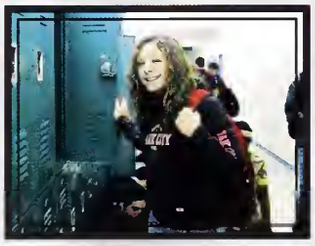
Junlors!







living in the moment

1. You go to school early so you can get a parking spot close to the school.
2. You always call yourself an upperclassman.
3. You think you have control over the freshmen and sophomores.
4. You hear over and over that Junior Year determines the rest of your life.
5. You're not scared of the seniors anymore.
6. You finally have a reserved break spot.
7. You're already planning your easy Senior Schedule.
8. You make it known that you have your license by swinging your keys around school.
9. You no longer have your parents drive you everywhere.
10. You realize high school is half way over!

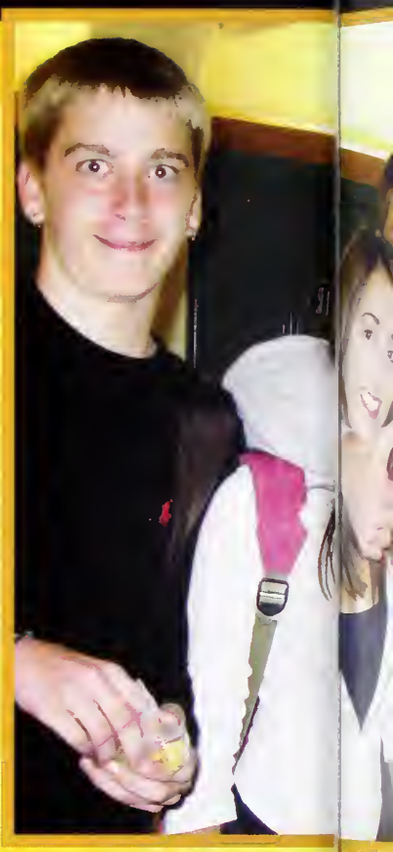
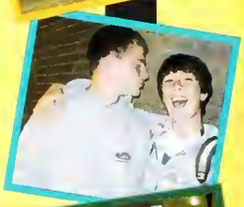
SOPHOMORES





Class of 2011

You Know You're A Sophomore When...

1. No one yells "FROSH!" at you in the hallway anymore.
2. You have upperclassmen friends, but you're still kind of afraid of them.
3. You walk on the right side of the hallway.
4. You try to control the freshmen.
5. You realize you're so close to being an upperclassman!
6. You don't get completely lost on the first day of school.
7. You're still WALKING downtown on half days.
8. You know how to open your locker.
9. You now can drive....with your parent in the car.
10. You realize you still have the best two years of high school ahead of you!

I'm a Yearbooker.

a note from the editor...

Dear WHS,

It's 9:21 PM, and I am writing this letter from the yearbook room trying to meet a deadline. No, I don't do this frequently. But I thought it would be a dramatic setting for what I'm about to say. Yearbook is an organization unlike any other. The staff is a fantastically crazy, hard working, and smart group of kids. Some may say that our internship is a blowoff class, but anyone who's been through it will beg to differ. We spend 56 minutes of every day in a windowless, randomly cluttered, semi-dark room together. In that period, we design the entire yearbook from start to finish. At times, it has been the most stressful thing in my life. Period. But it's also the most fun I've ever had in any class. Ever.

Right now, you have this very book open in your hands. Its most prominent and exciting feature should be the immense amount of COLOR you see. The only legacy Jake & I can hope to leave this year is just that. A full color yearbook. I really think you guys will like it and appreciate the incredible depth it adds. In this little book, we've tried to capture a year's worth of memories you have made and accomplishments you have earned. And how could we possibly do that without color? Throughout my four years at Westborough High School, I've learned enough about the students here to know that we are all, without exception, ridiculous. In the best way possible. We bring color to the world. And life. That's not something that just anyone can say.

Okay, that's all I will leave you with. Thanks everyone for the help and support. Remember that these photos, these snapshots of time, these moments captured... they're all yours. The yearbook staff may have put them together, but this book is for the entire student body at WHS. Enjoy!

Love,
Danielle Ma

And when you get the choice to sit it out or dance
Dance!" (Leanne Rhymes)
